Summer 2017 Guitar Workshops Registration Form

Registration forms will be accepted until the first day of class, or until the class is full.

Summertime is both a time for lazy days and sunshine as well as time for travel, family, and fun activities. Summertime is also a great time to try out a new hobby or two, or continue building an old one. If learning guitar fits either of these categories for you, we'd love to see you at one of our Group Guitar Summer Workshops!

Step 1: Choose a Class (Please mark as many as you'd like to attend)

June Summer Workshops Tuesdays AND Thursdays – June 6, 8, 13, and 15, 2017		August Summer Workshops Tuesdays AND Thursdays – August 1, 3, 8, and 10, 2017	
Beginner: Folk Songs (10:00 – 10:30 a.m.) This class is perfect for anyone who has never played guitar before. We will focus on simple chords, and songs with very few chord changes.		Music Legends (10:00 – 10:30 a.m.) At each class for this workshop we will learn about a different "legend" in music and learn some of their songs. Think . . . The Beatles, John Denver . . .	
Campfire Songs (10:45 – 11:15 a.m.) Since this is the beginning of summer, we'll get you all set to lead sing-a-longs around the campfire! This class is good for people who are somewhat familiar with chords in the keys of C and G.		Playing the Blues (10:45 – 11:15 a.m.) This class will be focused on more advanced techniques including power chords and working with the chord clock (aka Circle of Fifths). While we'll be playing the Blues, we'll do it with a smile!	
TAB / Electric Guitar (6:00 – 6:30 p.m.) This class will be good for anyone who wants to play "lead guitar". Even if you've never played guitar before, you will be able to enjoy this class. We'll learn some fun guitar riffs, and play with all the fun things you can do with an electric guitar.		4-Chord Songs (6:00 – 6:30 p.m.) Have you ever heard that if you can play four chords, you can play just about every song ever written? While this isn't <i>technically</i> true, knowing a certain set of chords can take you a long way. We'll focus on these four chords, and create our own medleys.	
Song Writing (6:45 – 7:15 p.m.) This class is geared toward the seasoned guitar player that wants to begin creating his/her own music. We'll cover the basics of song writing, and you should go home with an original, by you!		Beginner: Folk Songs (6:45 – 7:15 p.m.) This class is perfect for anyone who has never played guitar before. We will focus on simple chords, and songs with very few chord changes.
